

Ten **high-fidelity** store variants to choose from — each the **same structure** (header · photographic hero · product strip · live configurator) in a different visual direction. Backgrounds are **real licensed Adobe Stock photography** (a shared 5-image set, reused per variant). Options are the **real brand set** — styles **Tile / Art Back / Floating**, woods **Walnut · White Oak · Cherry · Maple · Ash**, finishes **Matte · Satin · Hand-oiled** — and ratings reflect the reviews feature. Variant 1 is the brand's approved **"Indigo Atelier"** palette (**--mj-***).
