HOW CUSTOM WORKS

Three steps to a piece that fits.

1
Configure
Enter your sizes and pick joinery, wood, finish & hardware. Everything updates live.

2
Preview in 4K
See a photoreal 4K render of your exact piece, true to scale, before you buy.

3
We build it
Your design goes straight to our shop as a cut-list & build plan, hand-made to order.

CABINET REPLACEMENTS

Measure once. We do the rest.

Most of our drawer boxes and doors replace worn or wrong-sized cabinet parts. Enter your opening size and we build a perfect-fit piece — undermount notches, soft-close, and dovetail joinery included.

★★★★★
"The art-back shelf let us frame our own print. Genuinely special, and the fit was exact."

Every piece is made to order

Because each piece is custom-built by hand for you, all sales are final — **no returns or exchanges**. If anything arrives not as your approved 4K render, we'll repair, rework, or remake it. [Read our made-to-order policy →](#)
