

Ten **high-fidelity** store variants to choose from — each the same structure (header · photographic hero · product strip · live configurator) in a different visual direction. The product strip is MEJA's real line: **Drawer Boxes · Drawer Units · Cabinet Doors · Shelves**, and each variant's configurator shows a real product with its real options (joinery, door style, drawer count, wood, finish...). Backgrounds are **licensed Adobe Stock photography**. Variant 1 is the brand's approved **"Indigo Atelier"** palette (**--mj-***).

01

Indigo Atelier

The brand's approved system — clean neutrals, indigo accent, Inter. One brand with the CRM & Atelier3D.
